Step 5: The system displays district-wise list of establishments automatically selected that need to be inspected based on computerized risk assessment. Certain logic are built into the system which includes that “High Risk” category of establishments will be inspected once every year whereas “Medium Risk” and “Low Risk” category will be inspected once in 3 years and 5 years respectively. Similarly there are other parameters built in such as past performance etc. for shortlisting/ selection of the establishments.

The screenshot displays the web application interface for the Government of Bihar, Department of Labour Resources. The page is titled "Government of Bihar" and "Department of Labour Resources". The user is logged in as "Md. Salim (Labour Commissioner) All Bihar" on "26/06/2016 7:24:15 PM".

- No of inspection
- View No of inspection List
- Set Inspection Officers
- Inspection Report

The main content area is titled "Set Inspection Officers" and contains a search form with the following steps:

Step 1 : Choose Shop & Factory for Inspection on month :

Step 2 : Set Officers

The search results are displayed in a table titled "Shop/Establishment" for the district of Patna:

District	Shop/Establishment	Risk Classification	Risk Score	Officers (Previously inspected)	Officers (Current)

PATNA	M/s- SAVITA KIRAN STORE, SRWAN KUMAR S/O SRI RAM JI PRASAD	Medium Risk	2.67	NA	

Step 6: The users select the option – “Set Officer”. The system automatically allocates the officers to the establishment short-listed based on the risk parameters. Further, there are certain logics built into the system such as the same inspector will not inspect the same establishment twice consecutively.

The screenshot displays the web application interface for the Government of Bihar, Department of Labour Resources. The header features the state emblem and the text "Government of Bihar" and "Department of Labour Resources". The navigation menu on the left includes options like "Dashboard", "Registered User", "Inspection", and "Inspection Report". The main content area is titled "Set Inspection Officers" and contains a search form with dropdowns for month (06) and year (2016), and a "Find" button.
