

As per Supply Code Regulation, documents to be submitted are proof of identity of the applicant, proof of ownership/occupancy of the premises, proof of present address, clearance of right way of placing line, license or permit issued by the local bodies, industrial license, SSI Regn certificate(if applicable), test report/registration certificate of installation from competent authority etc. The matter of reducing the number of documents was already taken up by KSEB with the regulator. Hence remarks on the subject matter may be obtained from KSERC.
