

262. Design and implement a system for computerized allocation of inspectors

Response: Online system is implement for computerized allocation of inspectors.

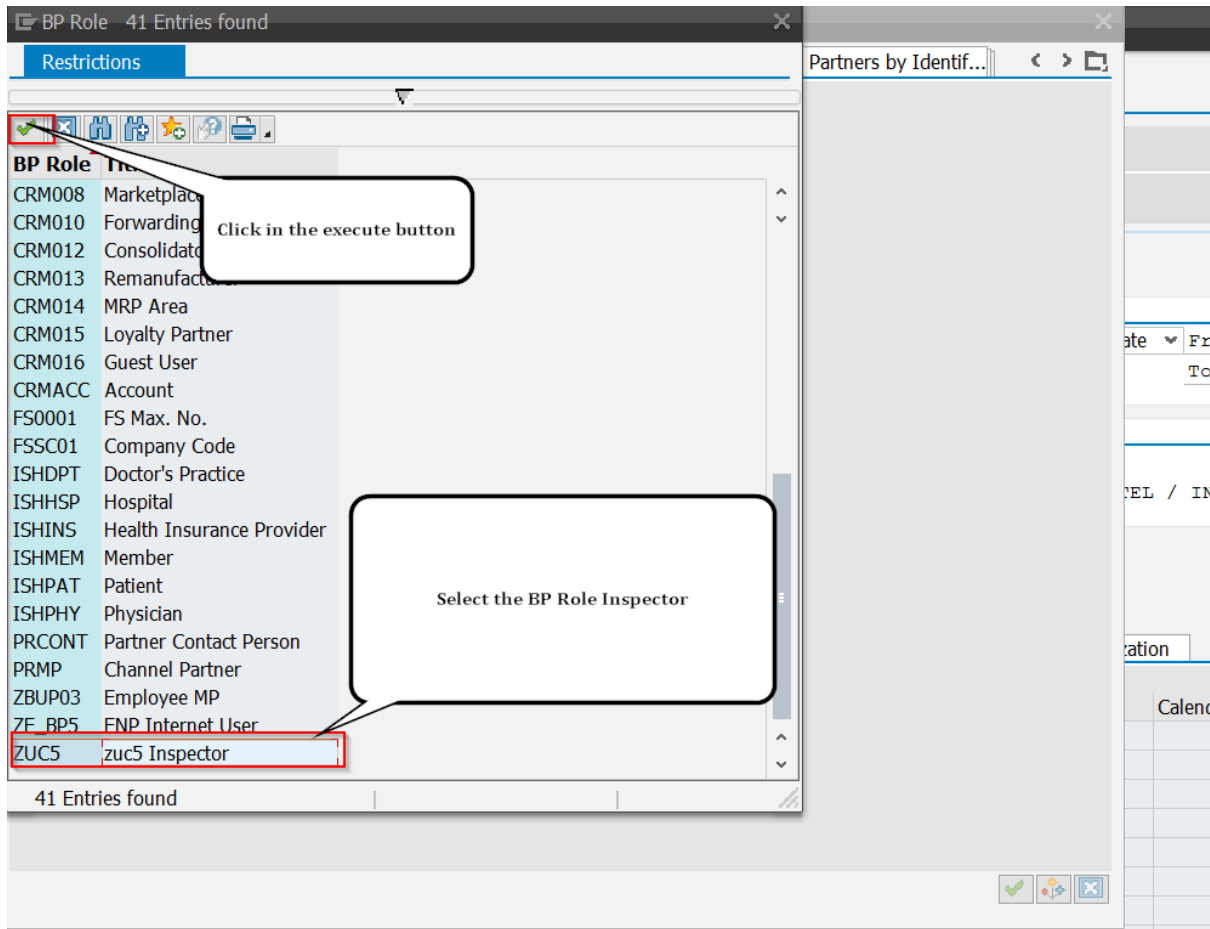

1. Select the Partner function "User Charges Inspector Officer".

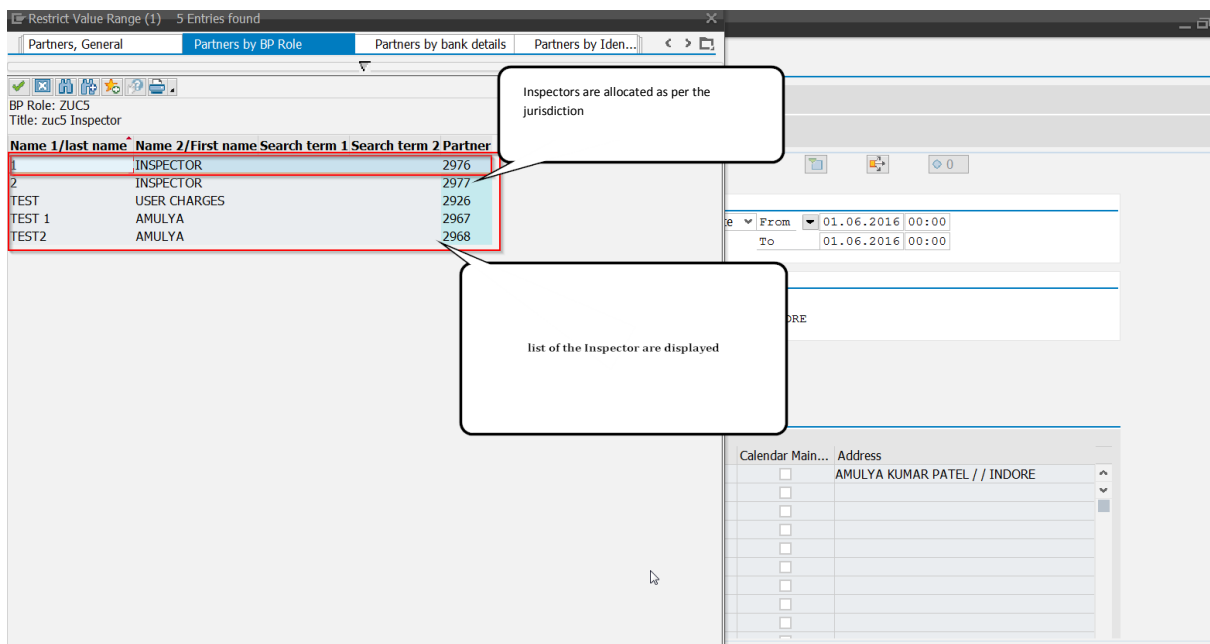

2. Click in the Search Button.

3. Bp role pop is displayed. Select the BP role User” zuc5 Inspector” and click in “execute” button.

4. List of the Inspector are displayed

5. Click in the "save" button

The screenshot displays the SAP Business Partner Cockpit interface. At the top, a callout box points to a save icon in the toolbar with the text "2. Click in the save button". The main area shows a task assignment table with the following data:

Function	Partner	Main Partner	Calendar Main...	Address
Employee Responsible	ABM-2007	<input checked="" type="checkbox"/>	<input type="checkbox"/>	AMULYA KUMAR PATEL // INDORE
User Charges Inspecto.	2976	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Inspector 1
		<input type="checkbox"/>	<input type="checkbox"/>	
		<input type="checkbox"/>	<input type="checkbox"/>	
		<input type="checkbox"/>	<input type="checkbox"/>	
		<input type="checkbox"/>	<input type="checkbox"/>	
		<input type="checkbox"/>	<input type="checkbox"/>	
		<input type="checkbox"/>	<input type="checkbox"/>	

A second callout box points to the "Inspector 1" value in the table with the text "Inspector is assigned".
